August 2017

Dear Parent or Guardian,

I hope you are enjoying the warm weather and had an opportunity for rest and relaxation this summer. The faculty and staff at John F. Kennedy Elementary School have been diligently preparing for the arrival of your child and the new school year. We are looking forward to welcoming our incoming third grade students. In addition, we are excited to continue to work with your fourth and fifth grade children and provide all of our students with educational experiences that are both meaningful and engaging.

I thank you for the support you have provided in the past and encourage you to continue to work closely with us in the following ways:

- Check the Website and read the *JFK Newsletter* for important information and updates.
- Encourage reading in your home. Consider signing up for the East Islip Public Library's multiple programs throughout the year.
- Monitor your child's daily schoolwork and homework assignments. It is essential that the children know you are aware of their assigned work.
- Keep the lines of communication open between your home and our school. Children benefit from knowing that their teachers and parents collaborate.
- Work closely with your child's classroom teacher throughout the year and keep active in the John F. Kennedy Elementary School's PTA. We always need and welcome parents to assist at our many events.

The ***First Day of School*** for students is ***Wednesday, September 6, 2017***. ***"Meet the Teacher Night"*** is ***Tuesday, September 12, 2017*** at ***6:30 p.m.***

For the safety and welfare of all students, the East Islip School District has clear guidelines outlined in the Board of Education's *Wellness and Allergy Policies* relating to food items that are brought into the schools. Students' individual snacks brought from home will continue to be only for their own consumption. The district has adopted a non-food based policy for birthday celebrations therefore please do not send in any food items for your child's birthday. In addition, we are a latex safe school and no latex balloons will be allowed in the building.

You will receive your child's class assignment for the upcoming school year through the mail. This placement is a result of considerable thought and attention. Each decision was based on careful reflection and deliberation regarding class combinations, and the best placement of each and every child.

John V. Dolan
Superintendent of Schools
