after the first full week of the second half of that class.

REPORTING PUPIL PROGRESS

Report cards are available quarterly during the school year via the Parent Portal. Students and parents are encouraged to check the portal throughout the school year.

GUIDANCE AND COUSELING SERVICES

The East Islip High School Guidance Department provides students with not only personal and academic counseling but also a myriad of other services. A progressive and formalized career awareness and decision-making program is delivered each year beginning in grade seven. Computers are available in the guidance office to provide students with access to data on career information, college selection and financial aid information. A complete guidance media center is also available to students.

Many evening programs are presented to keep parents informed and involved in their child’s educational process. Subjects such as graduation requirements, college selection, college athletics, and financial aid are covered in these sessions. Students and parents are encouraged to use these services and facilities. Students may see their counselors during free periods or schedule an appointment by signing a request sheet, which is located in the guidance office.
