November 30, 2018

Dear Parent/Guardian:

The East Islip Guidance Department is pleased to announce that on November 30, 2018, parents and students will be able to view the 2019-2020 Curriculum Guide on the district website. The guide contains a listing of courses offered at the East Islip High School. We are committed to providing all students with valuable courses that meet the needs and interests of our students and requirements set forth by New York State Education Department.

For your convenience, we have also included an explanation of graduation requirements and the various types of diplomas now offered. Please take time to carefully review the Curriculum Guide with your child so that together you can create the best academic plan.

Each child is unique in his or her own talents, interests, and aspirations. Don't be afraid to challenge yourself. Start thinking ahead to your future and try something new that sparks your interest. The choices that you make now can have a positive effect on your education and your future.

We highly recommend that you call your child's counselor and make an appointment to discuss their schedule for the upcoming school year. This is a good time for you to ask questions about enrollment/recommendations in Honors, College or Advanced Placement classes and opportunities to challenge up.

Counselors will be meeting with students individually from February 11 – March 15, 2019. Parents of all students are encouraged to set up a meeting with their child's guidance counselor to review their child's anticipated schedule for next school year.

The last day for any changes to a child's schedule will be March 15, 2019.

We wish you the best as you begin the scheduling process and remember that we are here to help you.

Sincerely,

Mark Bernard
