Dear East Islip Community:

We would like to take this opportunity to commend our neighbors to the east of us at Connetquot School District and the brave men and women of the Suffolk County Police Department for the way they handled a difficult situation last week. As reported in the media, there was a potential threat that was thwarted by students, parents, the school district and the police working together. In this instance, students heard something on a bus and reported it to the proper adults and swift action was taken.

As we have been saying for the past several years, if you see something, it is imperative that you say something to the adults in your life or the proper authorities. On a daily basis we all make choices that can and have interaction that can have positive or negative impacts on our community. We can't stress enough the importance of thinking before acting and being respectful to all we meet.

Please keep these numbers in your phone:
